owing to ~~mediocre~~ mediocre attain-
ments, for the responsible post of
Civil Surgeon. It is also proposed
that Miss Ayachiammal on being
promoted to the Civil Surgeoncy shd
continue to remain in charge of
the Maternity at Bangalore.

2. Mr. C. Rajaram now entered
the Medical service on the 26th March
1888, and after gradual promotions
was raised to ~~the~~ the 1st class of
Assistant Surgeons (on Rs. 300/-) on
the 20th July, 1902, under Notifn
No. 5213/Q.73-93 dated 30th September } Slip B
1902.

3. Miss Ayachiammal was ap-
pointed Assistant Surgeon on 20th
May, 1892, when Mr. T. S. Nanjappa
and others were Sub-Assistant Surgeons
and she reached the 2nd class on } + Paper with Slip
Rs. 250/- on 1st October, 1900. (S. No 4)

4. Mr. T. S. Nanjappa joined the
service as Sub Asst Surgeon on
5th July, 1889 and reached
the 2nd class of Assistant Surgeons " — do —
on Rs 250/- on 1st October, 1900

5. As regards promotion to
the Grade of Civil Surgeons, it
is stated in para 3 of Govt Proc* * Printed Copy fur
No. 3868-9/Dis 736 dated the 23rd September
1897

I

OFFICE OF THE DEWAN OF MYSORE,

(REVENUE AND GENERAL DEPARTMENTS).

(Full Office Note.)

Subject.

(1) Promotion of Mr. T. S. Nanjappa and Miss Ayachiammal, Assistant Surgeons, to the grade of Civil Surgeons.

(2) - do - of Mr. C. S. Achyuta Row from the 2nd to the 1st class, Civil Surgeon.

Senior Surgeon's letter No 208 dated the 6th December, 1902.

Note.

In the above letter, the Senior Surgeon reports that there are two vacancies in the grade of Civil Surgeons caused by the death of Mr. D. A. Cholisi and the degradation of Mr. G. L. Lakshmanaswamy, and recommends that these two vacancies may be filled up by appointing Miss Ayachiammal and Mr. T. S. Nanjappa as Civil Surgeons, 3rd class. The Senior Surgeon states that although Miss Ayachiammal and Mr. T. S. Nanjappa are juniors to Mr. C. Rajaram Row, Asst. Surgeon, 1st class, yet he has thought it right to recommend them for promotion rather than Mr. C. Rajaram Row, as the latter is not in his opinion and in that of Col. Smyth, not fitted,

3. Subject to be in red and body of note in black ink.

A

1897 that "Civil Surgeons will be appointed by selection and according to merit."

6. The Director Surgeon further reports that by the death of Mr. D. A. Thomas, there is a vacancy in the 1st Class of Civil Surgeons, and recommends that Mr. B. S. Achyuta Row be promoted to that Class although he is junior to Dr. A. S. Fernandez who is now implicated in a Case. Col Benson adds that Mr. B. S. Achyuta Row is the proper person to be promoted as there is no one deserving or popular Officer in the Deptt.

7. Dr. A. S. Fernandez and Mr. B. S. Achyuta Row are each getting Rs: 500/- the pay of a 2nd Class Civil Surgeon.

8. The scale of Civil Surgeons as per revision Order of the 23rd September 1897, is 4,

One in the 1st Class on Rs 600/- and three in the 2nd Class on Rs: 500/-

When?

Subsequently, three more Civil Surgeons were appointed to the 3rd Class on Rs 400/-. They were Messrs E. S. Krishnaswamy Iyer, G. L. Lakshamanaswamy, and Mess R. Govindarajulu. Of these, Mr. G. L. Lakshamanaswamy was

was recently reduced to Assistant Surgeon, 1st Class.

8. Under para 3 of the Govt Resp. of the 23rd September 1897, reference to which, the promotion of Civil Surgeons from one class to another is to be "by vacancy and not by mere efflux of time".

Submitted to Secretary

26/2/03

The questions to be decided are General whether a new Civil Surgeon shd be appointed in place of Surr. Ghoksi. There is no scale fixed. There were four appointments made under this order 23 Sept 97. Three were subsequently added.

Another question is, whether those who cannot go as Dists Surgeons (such as Lady Officers) should get the grade of Civil Surgeons. This has apparently been decided in the affirmative by Govt, though whether on the score of necessarily less bur-

~~done~~ den of work, they should not be placed on a lower stage than corresponding ~~male~~ officers, is a view for which some thing may be said.

The matter has pass through Council.

~~to decide~~

H
3/3/03

The 2nd Councillor

I have discussed the question with Col Benson & send herewith my proposals in a separate cover which the Secretary will please see and submit to the Dewan

Note -

Re promotions in the Superior Staff of the Medical Department.

.....

A

The Senior Surgeon having submitted in his letter No 208 dt 6 Dec 07 certain proposals regarding promotions in the Superior Medical Staff of the State consequent on the death of Mr. Choksi and the degradation of Mr. Lakshamanasami, I have had a discussion with him on the subject, and in the result, he has sent me the D.O. attached containing his further views.

E

2. The original idea was that each of the following stations should have a Civil Surgeon, viz., Bangalore, Mysore, Shimoga and Chikmaglur. Hence the four posts of Civil Surgeons sanctioned in the Proceedings of Government No: 3868-9, Mis 736 dated the 23rd. September 1897. Our medical requirements have since increased and three more posts have been created, thus making a total of seven. A Civil Surgeon has multifarious duties to discharge including the performance of difficult operations and the inspection of Taluk Dispensaries. In the very nature of things, this office requires a male and not a female doctor. Miss Govindarajalu was however at the top of the list of Assistant Surgeons and she had therefore recently to be promoted to a Civil Surgeoncy without disturbing her from the Maharani Hospital at Mysore and assigning to her the legitimate

I don't find laid down anywhere more than personal requirements. M. D.

Every Dept. Medical Officer has a Lady Doctor to help

No. Government servants are entitled to may have recommended but I suppose I think Chief suggested Asst. Surgeons.

Sc E. E" - SOS E

What are these? Where are they laid down

legitimate functions of a Civil Surgeon. That hospital requires a specialist (female) and not a Civil Surgeon. The same remark applies to the Maternity at Bangalore which has long been in charge of Miss Ayacharmal whose turn for promotion in due course after excellent service rendered by her for nearly 11 years has now arrived. To promote her to a Civil Surgeoncy and to leave her where she is without requiring from her the performance of the duties of a Civil Surgeon would be to shut out from advancement other officers (male) who are fitted for the duties of a Civil Surgeon. All things considered, I am of opinion that Miss Govindarajalu should be removed from the list of Civil Surgeons, that Miss Ayachamma should not suffer on account of her sex and consequent disability, and that both these should be turned into specialists in the same way as Messrs S.V.Ramaswamiengar and M.Sreenivasa Rao, their pay being fixed at Rs. 400 rising to Rs. 600 by annual increments of Rs. 25. This is an arrangement which I consider most satisfactory as much in public interests as in private. Col. Benson has long been of this opinion. A new Lady Assistant Surgeon on Rs. 250 (Miss Mary D'Vaz) has recently been employed and attached to the Victoria Hospital, but her case requires no immediate settlement. She may wait until she reaches the top of her grade.

I do not know about this. All I take them these 2 women also must be dealt with. Civil surgeons as far as I know at present is simply a designation - I am open of course to conviction

To my knowledge

Tho' he hesitated to officially record it for fear of his being overruled.

I am afraid to such special treatment.

3. Miss Govindarajalu and Miss Ayachammal being thus disposed of, there would remain only six Civil Surgeons - all males - one of whom will remain attached to the Victoria Hospital and the other five distributed among the more important Districts in the State including the Kolar Gold Fields, which, for medical purposes, is quite as good as a District. We have now left four Civil Surgeons as below:-

First Class on Rs. 600. nil.

Second Class on Rs. 500.

1. Dr. Fernandez,
2. Mr. P.S.Atchyuta Rao, and
3. Mr. T.V.Armuga Mudaliar.

Third Class on Rs. 400.

1. Mr. E.S.Krishnasami Iyer.

There are thus two vacancies, one in the 1st. Class caused by the death of Mr. D.A.Choksi, and the other in the 3rd. caused by the degradation of Mr. G.L.Lakshamanasami.

4. Dr. Fernandez has rightly been recommended to be passed over. If nothing else, he deserves at least to be superseded on the present occasion on account of the serious irregularities recently brought to light. The next officer Mr. Atchyuta Rao is an excellent officer in every way and I agree to his proposed promotion to the First Class.

I certainly agree

5. The vacancy in the 2nd. Class caused by the promotion of Mr. Atchyuta Rao to the 1st. Class may be given to

Mr. E.S.Krishnaswami Iyer whose work throughout has been of an exceptionally good character. I believe the Dewan expressed himself in favor of this when the question came up before Government a few months back in some other connection. I see no reason why a place in the 2nd. Class should be left vacant when there is readily available an officer who is fully deserving of advancement. Col. Benson agrees.

6. So much as to promotions, and now as to the two vacancies (both last class), I think they should go to Mr. C.Rajarama Rao and Mr. T.S.Nanjappa. Of these, Mr. Rajarama Rao is in the Ist. Class of Assistant Surgeons on Rs. 300 and there is nothing said against him except that his attainments are mediocre. Promotions to the Civil Surgeoncy are no doubt regulated by merit and selection and not by seniority. I have known Mr. Rajarama Rao for several years and I do not think that he is undeserving of promotion to the higher grades of the Medical Service. He may not be quite as good as our best medical officers but it would be hard lines if he is superseded on this ground. The Senior Surgeon though not strongly in his favor says he will not stand in his way. Mr. Rajarama Rao is now only 40 years old. If, for no serious shortcoming, he is now superseded, he may have to remain where he is, i.e., at the top of the list of Assistant Surgeons until death or retirement.

Mr. T.S.Nanjappa is in the 2nd. Class on Rs. 250 and he deserves to rise. He is a capable and popular medical officer and his advancement to Rs. 400 from Rs. 250 would not be too much for an officer so highly appreciated. He is next in the list to Miss Ayachammal but his well merited promotion will not prejudicially affect Miss Ayachammal under the arrangemants proposed above.

7. If my proposals as above are sanctioned, there will be two lady doctors (viz., Miss Govindarajalu and Miss Ayachammal) on special terms as to pay, increments &ca., and six Civil Surgeons as follows:-

One in the 1st. Class

(Mr. P.S.Atchyuta Rao),

Three in the 2nd. Class

Dr. Fernandez,

Mr. Armuga Mudaliar

Mr. Krishnaswami Iyer,

and two in the ~~third~~ 3rd. Class

Mr. Rajarama Rao

Mr. T.S.Nanjappa.

8. There will be no anamoly or supersessions or heartburnings and each will be given his or her due.

9. Seeing that Miss Ayachammal is not to be replaced and that the successors of Messrs Rajarama Rao and Nanjappa would only begin on the pay of the last class of Assistant Surgeons, the additional cost would be practically nil.

10. The scales present and proposed will be as follows:-

	Present.		Proposed Scale.	
	No.	Pay	No.	Pay
Civil Surgeons 1st. Class	1 ½	600	1 ½	600
" 2nd. Class	3	1500	3	1500
" 3rd. Class	3	1200	2	800
Lady Surgeons	"	"	2	800 — 50 — 1200
Total	7	3300	8	3700 rising to 4100 by annual increments of Rs. 50 each.

11. The increase will be Rs. 400 rising to Rs. 800. From this have to be deducted

1) Miss Ayachammal's present pay, 250,

2) Difference between Mr. Rajarama Rao's and Mr. T.S.Nanjappa's present pay (550) and the pay of two last class ~~of~~ Assistant Surgeons, 250,

Total Rs. 500.

The net result will be minus Rs. 100/- at present and plus Rs. 300/- eight years hence.

12. The prizes in the Medical Department are only a few and I beg that their number be not curtailed by vacancies being left unfilled.

20-6-03.

I have had these proposals for sometime before me . I hesitated to put on paper my views regarding the propo--sals of the Councillor in charge as these views are radically opposed to his recommendations ; but I feel on fur--ther thought that I should be wanting in my duty if I failed to note down what I think of them.

To begin with I am opposed to tinkering with scales of establishment and grades in a Department which have been adopted after a full considera--tion . So recently as 1900 , I believe we created 4 appointments in the 3rd class of Civil Surgeons on Rs.400 pay so as to increase the number of higher appointments in the Medical service.

And now we have a proposal for cre--ating two new appointments to meet the requirements of the two lady doctors who are to be called Speciallists and put into a grade of their own . No good reasons have been assigned for removing the lady doctors from the regular line in which they were entertained and have had their promotions . They have been a real ornament to the service and have done excellent work in the spheres assigned to them and have served as obe--ject lessons for Indian women generally of what well educated and trained Indi--an women are capable of achieving . The Mysore State has had the rare dis--tinction of not disqualifying people

from attaining the higher prizes in the service on account of their sex . To remove the lady doctors from the regu-lar line will certainly be a retrograde step and I for one would strongly deprecate it .

No where has it been laid down to my knowledge , that a Civil Surgeon should perform difficult operations and inspect Taluk dispensaries . If I remem-ber right the grade of Civil Surgeon has nothing to do with charge of a Dis-trict . Col.Smyth's proposal was I believe that persons put in charge of Districts should be called "District Surgeons " and these may be drawn either from the grade of Civil Surgeons or Asst. Surgeons . So that the fact of a lady doctor being in the grade of Civil Surgeon need not impose on her the res-ponsibility for inspecting Taluk dis-pensaries . If the inspection of Taluk dispensaries is an essntial condition for an Officer being appointed to the grade of Civil Surgeon , where is the logic of appointing a man of the grade of Civil Surgeon to the charge of the Victoria Hospital as proposed by the Second Councillor ?

From a perusal of the papers I cannot avoid the conclusion that this proposal to radically change the exis-ting system arises from a feeling that Mr.Rajaram Rao should not be superseded. Promotion to Civil Surgeon is under Go-vernment Orders of 3rd Septr.1897 dis-tinctly declared to be by " selection

and according to merit ". In the case of Mr.C.Rajaram Rao the Senior Surgeon has clearly given his opinion and that of Col.Smyth ,"that he is not fitted owing to his mediocre attainments for the responsible post of Civil Surgeon". (Senior Surgeon's letter dated 6/8th December 1902.) Even in the D.O. which Clo.Benson wrote to the Second Council-lor on the 17th March 1903 he does not give his opinion in favor of Mr.Rajaram Rao but says "I have alrady expressed my opinion regarding Mr.Rajaram Rao's fitness for promotion but if you think he may be given promotion I will not stand in his way ". In the face of this opinion of the Head of the Department the Councillor in Charge proposes the promotion of Mr.Rajaram Rao at para 6 of his note dated 19th March 1903 , and gives his opinion of that Officer .

A

E

To sum up I would not recommend any special appointments but carry out the recommendations of the Senior Surgeon as made in his letter dated 8th Decembr 1902, that is (a) put Mr.AchyuthaRao in the first class , (b) put Miss Ayac-chiammal and Mr.T.S.Nanjappa in the third class of Civil Surgeond. (c) I do not see any objection to Mr.Krishnasami Iyer getting the 2nd class as there is a vacancy in it .

I shall not take up space by referring to the remarks made by the Se-cond Councillor in para 2 of his note regarding the real views of Col.Benson

and what made him (Col. Benson) to hesi
-tate to officially record them . I
would with all deference venture to
say here that it would be to the advan
-tage of the public service if D.O. and
confidential communications were mini-
-mised as much as possible and Heads of
Dpartments made to feel that they would
not be misunderstood if they expressed
freely in a public communication their
opinions regarding the qualifications
of their Officers .

14th June 1923 / Madhavarao

EXTRACT FROM THE ~~JOURNAL~~ Proceedings OF THE 26th MEETING OF THE COUNCIL of His Highness The Maharaja held at Bangalore on Tuesday ~~the~~ 23rd June 1908.

~~RECORDED AS FOLLOWS:—~~

XII Subject—(clause V a of Schedule.)

Promotion of certain Civil Surgeons and Assistant-Surgeons.

Opinions of the Dewan and Councillors

Mr. Alkyula Rao, may be promoted from the 2d to the 1st class, and Mr. Krishnaswami Iyer from the 3d to the 2d class of Civil Surgeons; and Miss Ayachannal and Mr. T.S. Nanjappa, Assistant-Surgeons 2d class, may be promoted to the 3rd class of Civil Surgeons.

Note. The Second Councillor (Mr. C. Srinivasaiyar) does not think that there are sufficient grounds to supersede Mr. Rajarama Rao, Assistant-Surgeon

1st class, whose fault is said to be only
of "mediocre attainments".

(sd) P.N. Krishnamurti
Dewan of Mysore

Secretary

Submitted to His Highness -

A vacancy exists in the first class of Civil Surgeons caused by the death of the late Mr Chokai - and it has been agreed by the Councillors and myself that Mr Ashyuta now waits in every way deserving should be promoted. By this arrangement Mr Fernandez will be superseded - and it is our opinion that he should be so treated - His case is not unknown to His Highness -

To fill the vacancy in the II^d class caused by the promotion of Mr Ashyuta Rai it is our humble recommendation that Mr Krishnaswamy Iyer who is fully qualified and is doing excellent work may be promoted.

With the vacancy which already exists in the 3rd class by the promotion of Krishnaswamy Iyer leaves two vacancies to be filled up - After very careful consideration myself and the 1st Councillor have agreed to recommend Miss Ayachan - mal and Mr J. S. Nanjappa - Both the Councillors and myself are agreed that both these are very deserving officers and in their own spheres have done very good work - But it is with regard to Mr Rajarain now waits. seniority that there that the II^d Councillor entertains an opinion that he should

not be superseded - The ground urged for such treatment is that Mr Rajá - Iyer is of moderate attainments. Both Col Hearsey & Col Smyth are of that opinion and would pass him over - The 1st consider and myself are inclined to respect this opinion and my information and knowledge of this Officer do not enable me to recommend him to the grade of Civil Surgeon. It has been laid down distinctly that appointments to that grade are to be by selection and not by seniority - We have had very recently an instance of having brought a man because he did not do justice to this high appointment as Civil Surgeon. It must be laid down as a clear rule and unless one can speak from conviction that an Officer is thoroughly fit to be a Civil Surgeon he ought not to be promoted to that grade - Such a positive opinion cannot of course be pronounced of Mr Rajagopalachar while of Mr Ayyakannu & Mr Ranjitha there is no hesitation whatever to express that opinion - Under these circumstances I beg to recommend that Mr Ayyakannu and Mr T. S. Ranjitha be promoted to the 3rd class of Civil Surgeons.

3. VII. 03

It is not of course meant that Mr Rajagopalachar should be permanently superseded - His passing over may have a corrective effect on him - If he exerts himself henceforth better & more energetic work there is no reason for not considering his case at the next chance

Record of Case submitted for the orders of His Highness the Maharaja.

17/3/03.
GOVERNMENT OF MYSORE 17th.

Dear Sreenivasaiya

With reference to our conversation regarding the promotion of Rao Bahadur Shyamachary S. Nanjapur to the grade of Chief Surgeon - I quite agree with you that since the time when the Chief Surgeon was sanctioned, our medical requirements have very largely increased. The four towns viz Bangalore Mysore Shimoga & Chickmagalur - One of these, the Bangalore one, has practically been converted into the Victoria Hospital & new one at the Gold Fields has to be created, & that work should be at least as important as ~~the~~ I think it is quite right that Rao Bahadur Shyamachary, the two Senior Lady Drs, should be promoted Chief Surgeons - grade, & not made Chief Surgeons - Rao Bahadur Nanjapur was promoted to that grade during my absence, when Col Smyth was officiating for me, & I do not think that right, etc. there is a chance to the male members of the Medical Dept that they should be shut out from advancement by appointing Lady Drs to their grade, as

they are not filled for the duties of a Civil Surgeon - They are in the Medical Line of the Army Specialists, and such they should in my opinion be placed - That Category, as they must necessarily be Responsible charge of their respective Materials, for which Appointments they were specially taken on - I am glad you agree with me regarding the promotion of Dr. P.S. Nichols to the Grade of Surgeon Civil Surgeon - I have already recommended my opinion regarding Dr. Bejoy Raj Das's promotion to [illegible] promotion, but if you think he may be given promotion I will not say - In any way My object in not recommending Dr. P.S. Mukherjee Sahib was because he had already been promoted, for another reason - I quite agree with you that so far as his work and attainments go he is thoroughly deserving of it - We are I think both agreed as to Dr. P.S. Mukherjee's promotion should he may
